Dear Jim,

Just a short note to tell you that Alice and I enjoyed getting the brochure "*a dubious experiment*". It is an especially fine job. I like the explanations of the new programs of the Fellows. T think this brings the old-timers up to speed.

In the picture department, it is grand to see that such steadies as Ken Galbraith, John Fairbank and Ed Reischauer are prominently pictured.

Out in Chicago we always thought it was Luke Nieman but maybe it was those Wisconsin boys who did not pronounce it right.

In any event, a grand book.

Sincerely,

/s/ Angus MacLean Thuermer
